<i>Subtotal</i>				
<i>Total Environmental Studies Courses</i>				

Meets requirements for Major Equivalency

Requires additional coursework:

Student Teaching Requirement: Must student teach in either a Biology or an Environmental Science class between the ages 10-21

What can I teach with a Life & Environmental Science license?

The Life & Environmental certification is designed to help Environmental Science certification students earn a certification that also allows them to teach Biology. Many schools do not offer enough sections of Environmental Science to hire a full time Environmental Science teacher.
